

Practical Assignment Computer Science Dept.
[B.Sc.1st Year 2021-22]

S.No	Date	List of Program
1	02-08-2021	Introduction of c language
2	03-08-2021	Introduction of c language
3	06-08-2021	Introduction of c language
4	07-08-2021	Introduction of c language
5	09-08-2021	Write a program to calculate the simple interest value.
6	10-08-2021	Ramesh Basic salary is input through the keyword. His Dearness Allowance is 40% of basic salary and House Rent Allowance is 20% of basic salary writes a program to calculate his Gross Salary.
7	14-08-2021	Write a program to calculate the simple interest value.
8	16-08-2021	The two number are input through the keyboard into two location C and D. Write a program to interchange the content of C into D.
9	17-08-2021	If five-digit number is input through the keyboard. Write a program to calculate the sum of its digits.
10	20-08-2021	The two number are input through the keyboard into two location C and D. Write a program to interchange the content of C into D.
11	21-08-2021	If five-digit number is input through the keyboard. Write a program to calculate the sum of its digits.
12	23-08-2021	If a five-digit number is input through the keyboard. Write a program to reverse the number.
13	24-08-2021	If a four-digit number is input through the keyboard, write a program to obtain the sum of first and last digit of the number.
14	27-08-2021	If a five-digit number is input through the keyboard. Write a program to reverse the number.
15	31-08-2021	Temperature of a city in Fahrenheit degree is input through the keyboard. Write a program to convert the temperature into centigrade degree.
16	03-09-2021	Temperature of a city in Fahrenheit degree is input through the keyboard. Write a program to convert the temperature into centigrade degree.
17	04-09-2021	If a four digit number is input through the keyboard, write a program to obtain the sum of first and last digit of the number.

18	06-09-2021	The length and breadth of a rectangle are input through the keyboard. Write a program to calculate the area and perimeter of the rectangle.
19	07-09-2021	Any year is input through the keyboard, write a program to determine whether the year is leap or not.
20	10-09-2021	The length and breadth of a rectangle are input through the keyboard. Write a program to calculate the area and perimeter of the rectangle.
21	11-09-2021	Any year is input through the keyboard, write a program to determine whether the year is leap or not.
22	13-09-2021	Any integer is input through the keyboard, write a program to determine whether the number is odd or even.
23	14-09-2021	A five digit number is entered through the keyboard, write a program to obtain the reversed number and to determine whether the original and reversed numbers are equal or not.
24	18-09-2021	A five digit number is entered through the keyboard, write a program to obtain the reversed number and to determine whether the original and reversed numbers are equal or not.
25	20-09-2021	If the age of Ram, Shyam and Ajay are input through the keyboard, write a program to determine the youngest of the three.
26	21-09-2021	Write a program to check whether a triangle is valid or not, when three angle of the triangle are entered through the keyboard. A triangle is valid if the sum of the entire three angles is equal to 180 degree.
27	25-09-2021	Write a program to check whether a triangle is valid or not, when three angle of the triangle are entered through the keyboard. A triangle is valid if the sum of the entire three angles is equal to 180 degree.
28	27-09-2021	Given the breath and length of a rectangle, write a program to find whether the area of the rectangle is greater than its perimeter.
29	01-10-2021	If the age of Ram, Shyam and Ajay are input through the keyboard, write a program to determine the youngest of the three.
30	04-10-2021	Write a program to find the greatest of three numbers, entered through the keyboard use conditional operator.
31	05-10-2021	Write a program to calculate the square of given number (using for statement).
32	08-10-2021	Write a program to find the greatest of three numbers, entered through the keyboard use conditional operator.
33	09-10-2021	Write a program to calculate the square of given number (using for statement).

34	11-10-2021	Write a program to calculate the square of a given number using do while loop.
35	18-10-2021	Write a program to calculate the square of a given number using do while loop.
36	22-10-2021	Write a program to calculate the square of a given number using do while loop.
37	23-10-2021	Write a program to calculate the square of a given number using do while loop.
38	25-10-2021	Write a program to check whether a given number is prime or not using for loop statement.
39	26-10-2021	Write a program to check whether a given number is prime or not using for loop statement.
40	29-10-2021	Write a program to check whether a given number is prime or not using for loop statement.
41	30-10-2021	Write a program to check whether a given number is prime or not using for loop statement.
42	08-11-2021	Write a program to find the factorial value of any number entered through the keyboard.
43	09-11-2021	Write a program to find the factorial value of any number entered through the keyboard.
44	12-11-2021	Write a program to find the factorial value of any number entered through the keyboard.
45	13-11-2021	Write a program to find the factorial value of any number entered through the keyboard.
46	16-11-2021	Write a program to print the Armstrong number between 1 to 500.
47	20-11-2021	Write a program to print the Armstrong number between 1 to 500.
48	22-11-2021	Write a program to print number of all prime number from 1 to 300.
49	23-11-2021	Write a program to print number of all prime number from 1 to 300.
50	26-11-2021	Write a program to print number of all prime number from 1 to 300.
51	27-11-2021	Write a program to print number of all prime number from 1 to 300.
52	29-11-2021	Write a program to print all number between 1 to 100 divisible by 28.
53	30-11-2021	Write a program to print all number between 1 to 100 divisible by 28.
54	03-12-2021	Write a program to print all number between 1 to 100 divisible by 28.
55	07-12-2021	The radius of a circle is input through the keyboard. Write a program to calculate the area and circumference of the circle.

56	11-12-2021	The radius of a circle is input through the keyboard. Write a program to calculate the area and circumference of the circle.
57	13-12-2021	To find the current date, MS-DOS provides DATE command, Time, Basic Information of system in DOS Operating System
58	14-12-2021	Chang Directory ,Create Directory, View Directory , Drop Directory Run Command In DOS Operating System.
59	17-12-2021	To find the current date, MS-DOS provides DATE command, Time, Basic Information of system in DOS Operating System
60	18-12-2021	Chang Directory ,Create Directory, View Directory , Drop Directory Run Command In DOS Operating System.
61	20-12-2021	Chkdsk, Copy, Xcopy , Format Command in DOS Operating System
62	21-12-2021	Defrag , Del , Move , Command in DOS Operating System.
63	24-12-2021	Chkdsk, Copy, Xcopy , Format Command in DOS Operating System
64	27-12-2021	Defrag , Del , Move , Command in DOS Operating System.
65	28-12-2021	Write a program calculate area of rectangle using function in c language
66	01-01-2022	Write a Program swapping to number using Function.
67	03-01-2022	Write a program calculate area of rectangle using function in c language
68	04-01-2022	Write a Program swapping to number using Function.
69	07-01-2022	Write a Program Adding two pointer variable value.
70	08-01-2022	Write a Program swapping two number by using pointer(Call By References)
71	10-01-2022	Write a Program Adding two pointer variable value.
72	11-01-2022	Write a Program swapping two number by using pointer(Call By References)
73	17-01-2022	Write a Program Calculate number of vowel in given string.
74	18-01-2022	Write a Program Reverses the string without using string library Function
75	21-01-2022	Write a Program Calculate number of vowel in given string.
76	22-01-2022	Write a Program Reverses the string without using string library Function
77	24-01-2022	Write a Program store the basic information of the student using Structure.
78	28-01-2022	Write a Program Find Largest number using macro.
79	29-01-2022	Write a Program Open a file using file handling
